

HOISTWAY AND CAR DOORS

Columbia Elevator offers two styles of replacement Hoistway and Car Doors – the NY Style and the ES81 Style. Both are available as single-speed, center opening or two-speed side slide. All replacement doors include hardware, gibs, retainers and/or fire clips.* Center opening doors come with astragals. Doors are universal and can accommodate various types of equipment. And, our exclusive QuikDoor™ program includes standard sized doors in prime or SS#4, in stock and available to ship in as little as 48 hours for emergency shut down situations.

*Determined by door type and/or height.

HOISTWAY & CAR DOORS

NY Style

- 16 gauge cold rolled steel wrapped with stainless steel
- Top and bottom of the door have stainless steel channels
- Reinforcement ribs sandwiched between cold rolled steel
